

COVID-19

UPDATE

To our customers and communities,

Meyer Truck Equipment places the highest priority on the health and well-being of our staff and our customers. We will continue to stay open as support for other businesses on a limited basis as we play a vital role in supporting many essential industries. Due to the continued threat of the COVID-19 virus we have decided to temporarily close our walk-in showrooms and customer waiting areas at both locations. Customers will need to drop off their vehicles for service. We are also implementing “no touch” procedures for dropping off vehicles, picking up vehicles, and picking up parts. In addition to these business changes we have set in place a plan for our employees to continue being paid for time off they may need to take, including to ease their anxiety about possible exposure to this virus. At this time we have no plans to reduce our workforce. We are taking these precautions in an effort to keep our employees, our vendors, and our community safe. We believe social distancing will help to quell this pandemic. This move, while inconvenient for our staff and guests will help to align us with the wishes of Governor Holcomb that were laid out in Executive Order 20-08.

We understand this time is a difficult one for individuals and communities as a whole. We are committed to doing all we can to make this process as convenient as possible while adhering to CDC guidelines for helping to curtail the spread of this virus.

This situation can change rapidly. We will continue to monitor and make changes as necessary. Thank you for your understanding and support. Be smart. Stay safe. God bless you all!

Sincerely,

Greg Kuper

President, Owner

Meyer Truck Equipment
